

Asia Pacific Responsible Care Conference

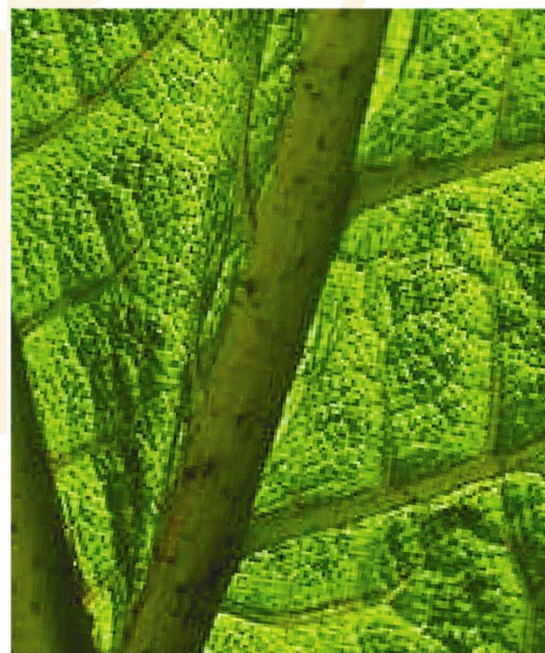

*November 16 to 18, 2005
EDSA Shangri-La Hotel
Philippines*

“Product Stewardship: A New Focus”

The 9th Asia Pacific Responsible Care Conference is a key regional gathering that tackles vital issues which shape the course of the global chemical industry.

This year's conference takes a new look at Product Stewardship – the promotion of environment, health and safety in the management of chemicals throughout the product's entire life cycle.

The event will also serve to launch the new Global Charter of Responsible Care in the Asia Pacific Region.

Organized by:
Samahan sa Pilipinas ng mga Industriyang Kimika
(Chemical Industries Association of the Philippines)
